Lili:

My PVIC staff was also contacted by this individual. For consistency, see the response below. Let me know if you have any questions. THANKS, Cory

~~~~~~

I just spoke with Andrew since he called the R&P office as well, it's the same patron who emailed Lili. Here is the info from the ordinance.
I also told Andrew that the photography may not conflict with any permitted events.

Chapter 9.16 - STILL PHOTOGRAPHY, MOTION PICTURE AND TELEVISION PRODUCTIONS
9.16.030 - Permit exemptions.
C.
Commercial still photography and videography on city-owned property for groups of individuals, where no props are being used in the photographs and/or videos, and where the photographs and/or videos are for the private and non-commercial use of the person(s) being photographed and/or recorded; provided that all city regulations and policies for the use of the city property are observed at all times; and provided that no group may utilize the property for photographic and/or videographic purposes for more than forty-five minutes within a twenty-four-hour period.

Hi Cory,
Let me know what you think of the below request.

Subject: Photos at founders park allowed

Hello Lili,

Just wanted to know if wedding photos are allowed at founders park? The wedding I have is not planning to have an entire photo shoot there, just 15 minutes worth of pictures.

No more that 15 people. Also, if allowed is there cost or other things to consider?

Thank you,
Andrew
